

The Swiss Tropical and Public Health Institute is a public institution with the mandate to contribute to the improvement of the health of populations internationally and nationally through excellence in research, services, and teaching and training.

The Swiss Centre for International Health (SCIH) of the Swiss Tropical and Public Health Institute (Swiss TPH) conducts consultancy, project management, training and applied research work in international health. We are contracted by the Global Fund to provide Local Fund Agent (LFA) services and are seeking application for the following position based in Burkina Faso:

Monitoring and Evaluation expert Burkina Faso (60%) & Niger (40%)

Within on-going assignments from the Global Fund to Fight AIDS, Malaria and Tuberculosis, your tasks will include:

- Contributions to the conduct of activities related to the appraisal and performance monitoring of health sector development projects in these countries
- Verification of the implementation of health programs with special consideration of aspects relating to programmatic and M&E activities.

To best fit into our active, interdisciplinary team we require the following qualifications:

- At least seven (7) years of experience in managing or advising HIV/AIDS, TB and/or malaria programs, preferably in developing countries with (i) excellent knowledge of monitoring and evaluation principles and practices in the health/development sector; knowledge and significant experience in and the development and implementation of monitoring and evaluation frameworks and systems required
- Degree in health, medicine, epidemiology, or a related discipline ((at least Master degree level)
- Fluency in English (speaking and writing) required as well as excellent French (any other working language e.g. Spanish would be an advantage)
- Minimum of five (5) years working experience in low- and middle income countries (Health sector is appreciated).
- Excellent writing and analytical skills
- Previous LFA (Local Fund Agent) experience with the Global Fund to fight HIV/AIDS, Tuberculosis and Malaria is a strong asset.
- Experience working with the Global Fund to fight HIV/AIDS, Tuberculosis and Malaria is highly appreciated.
- Good communication skills, strong spirit of team work and initiative, and ability to work with professionals in multi-cultural context; ability to travel

An initial contract of two years will be offered. An extension is desirable, depending on a performance evaluation.

We are looking to have the successful candidate in place as soon as possible but no later than April 2012

If you are interested, please address your application in English with CV (maximum 3 pages) and names of 3 referees by **22 January 2012** to Nicole Haenggi (Human Resources) and Odile Pham-Tan by e-mail at: Nicole.haenggi@unibas.ch and odile.phamtan@unibas.ch

Please note that only short listed candidates will be contacted for a written test and interview, the recruitment for the position will be finalized by end of February 2012.
