

Mapping of Activities: Sexual and Reproductive Health & Gender Group

Sexual and Reproductive Health & Gender Working Group (SRHG)

The Sexual and Reproductive Health & Gender working group of the Swiss TPH has been created in 2008. The aim of the group is to foster exchanges and collaborations within the Institute of all actors working in the field of sexual and reproductive health and gender, across the research and services departments. The SRHG Working Group offers a platform for exchanges in the form of bi-annual meetings and timely activities responding to events (e.g. Symposium). The Group has identified three key areas in which its members have experiences and expertise:

1. Sexual and Reproductive Health & HIV and AIDS
2. Gender and Health
3. Socio cultural determinants of health behaviour

Members of the SRHG Work Group*

Epidemiology and Public Health (EPH) Department:

Julia Dratva (JD), Karin Gross (KG), Christine Knauss (CKn), Elisabeth Kurth (EK), Sonja Merten (SM), Brigit Obrist (BO), Constanze Pfeiffer (CP), Patricia Schwärzler (PS), Noemi Steuer (NS), Robert Thomson (RT), Carine Weiss (CW), Mitchell Weiss (MW), Elisabeth Zemp (EZ).

Swiss Centre for International Health (SCIH) Department:

Claudia Kessler (CK), Adriane Martin Hilber (AMH), Kate Molesworth (KM), Odile Pham-Tan (OPT), Joelle Schwarz (JSZ), Christina Stucki (STU), Manfred Zahorka (MZ).

*status 01/2010

1. Sexual and Reproductive Health & HIV and AIDS

EPH research projects (responsibility or contact person in brackets)	Place
